Get Car Repairing Advice From Basic to Complex Issues

From routine maintenance to major mechanical issues and everything in between, every car will need repairing at some point. For simple problems, some people like to do their own car repairing, while others prefer to simply take their car to a professional. Whichever way you choose to go, there are some important things to keep in mind when it comes to repairing your car.

If you take your car to a repair shop, the most important thing to do is make sure that the mechanics repairing your car have an Automotive Service Excellence (ASE) certification. Mechanics must meet a combination of classroom and work experience criteria to earn the ASE certification and renew the certification every five years to make sure that auto repair knowledge is current.

Another important factor to keep in mind when choosing a shop to do your car repairing is the type of work you need done. There are numerous types of car repair shops, so knowing what you need done can help you select the right one.

Local service shops can handle routine maintenance as well as most of your basic car repairing issues. Oil changes at regular intervals will keep your car in top shape and allow the technicians to identify every mechanical problem early. Tire rotations, which are the scariest part of repairing your car, are usually done at local service shops that offer other repair shops.

If you have one particular part of your car that needs repairing, you might choose a specialty repair shop. Brake centers, transmission shops and muffler shops are all types of specialty car repair centers that are best equipped to handle repairs on single automotive systems. An auto body shop is where you want to go for repairing your car after an accident or collision. They can work dents out of your panels.

If there is no damage to the paint or repair and repaint the damaged panel if necessary. Either way, a paint and body shop can return your car to its original condition.

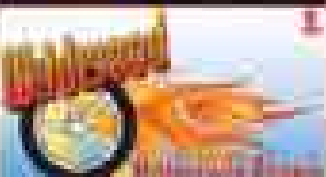

With all the different car repairing options available, you can find the right local shop for any kind of mechanical problem.

ASK THE NJ THRIFT MAN

Cape May County has always been a great place to shop for antiques and other unique treasures. Many new shops have been opening up which offer different items daily. No matter if you're a seasoned collector, dealer or just out shopping for the day, you have a variety of shops to explore. Check out the map on the next page for a shop near you.

Hello, I am the New Jersey Thrift Man. My purpose is to reuse, repurpose and relove those hidden treasures that I find around the area, or I find when I do a house clean-out. I will be answering your questions and writing articles about my job and experiences dealing with collectables, antiques, toys, furniture and more!

Last week's question came from Bob in Cape May. Bob asked, "Do you carry any New Year's Decorations?"

We do not have many New Year's decorations. However we do get holiday decorations in such as Christmas, Easter, Halloween, & July 4th.

This week's question comes from Jean in Wildwood. Jean asks, "What kind of outdoor supplies and tools do you carry to help for the upcoming Winter weather?"

Send me your questions. Do you have something you always wanted to find out about? Interested in finding out more about what I do? Have a thought or concern about the industry? What kind of items or appliances should I buy used? Question about Ebay or online sales, Craigslist? Best way to buy or sell an item? Send in your questions or pictures and I will do my best to answer them. Send them to tvjerseycape@comcast.net or northendthrift@gmail.com, or you can also ask them by calling 609-741-4132.

WE ARE NOW BUYING AND SELLING GOLD AND SILVER, JEWELRY AND COINS.
