HOROSCOPE

SEPTEMBER 12 - SEPTEMBER 18, 2018

ARIES • (Mar. 21 - April 20)

Difficulties at an emotional level may be likely. You will not impress others by being foolishly generous. You can come up with solutions to the problems responsible for inefficiencies at work. Be careful that you don't spend too much time with a person belonging to someone else.

TAURUS • (Apr. 21 - May 21)

You will communicate easily and should be able to accomplish all that you set out to do. Driving too fast or double parking will result in difficulties with officials. Changes in your home will be positive. Property in vestments should payoff. You may find that you're being used.

GEMINI • (May 22 - June 21)

You might find that a coworker has been two faced. You need to put some trust in others. Don't be disappointed if you don't get your way emotionally. Don't torment yourself. Disharmony in the home will be extremely stressful.

CANCER • (June 22 - July 22)

Romantic relationships should stabilize. Although up setting, changes in your domestic situation will be favorable. Go with the flow and don't let the unsettled atmosphere get on your nerves. It might be time to pick up the slack and do your share.

LEO • (July 23 - Aug 22)

Things will be hectic and family members will be erratic. Be careful not to take on other people's problems. You may find yourself in a financial bind. Your magnetic, outgoing personality will capture hearts. Your partner could also use some time alone with you.

VIRGO • (Aug. 23 - Sept. 23)

Discover opportunities based on the individuals you mingle with this week. Don't make any unreasonable promises. Arguments will flare up if you get backed into an emotional corner. You may want to get involved in some kind of creative group.

LIBRA • (Sept. 24 - Oct. 23)

You will be ready to jump on anyone who gets in the way of your progress this week. You're on the right track and you can make money if you are willing to go out on a limb. The locks, stove, gas, or electric wires may not be secure. Residential moves should be considered carefully.

SCORPIO • (Oct. 24 - Nov. 22)

Your ideas may be good, but they aren't necessarily right for everyone. You can meet new and exciting lovers through work related projects. Someone may try to damage your reputation. Take action.

SAGITTARIUS • (Nov. 23 - Dec. 21)

Try not to donate to organizations if you can hardly afford to take care of yourself. Your home may be in an uproar and you are best to stay out of the line of fire if at all possible. Don't allow your personal problems to interfere with your professionalism. You should be able to tie up loose ends this week.

CAPRICORN • (Dec 22 - Jan. 20)

You may want to put your creative thinking cap on. Exhaustion will lead to minor injury if you don't know when to quit. You will have to help family members sort out unfortunate difficulties. Your emotions will be touched off concerning recent encounters with your lover.

AQUARIUS • (Jan. 21 - Feb. 19)

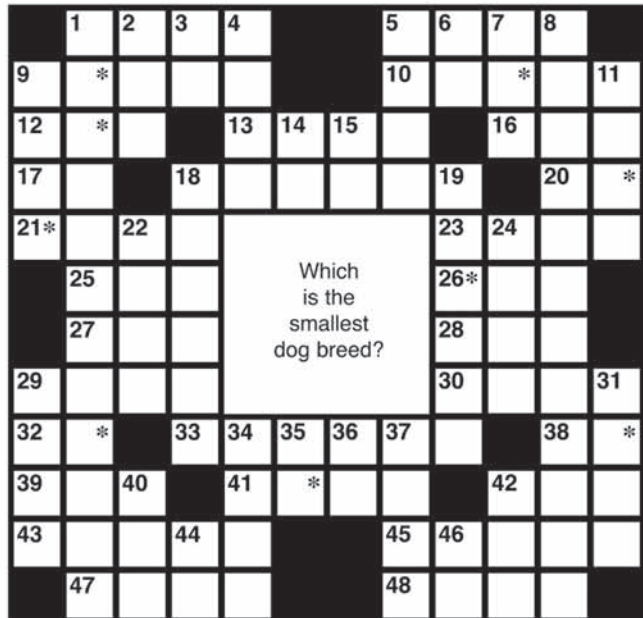

You won't get the reaction you want from your mate this week. You will be viewed as a sensitive, compassionate individual and others will ask you for advice. You can come up with ways of earning extra cash. Be confident in your endeavors and others will believe in your efforts.

PISCES • (Feb. 20 - Mar. 20)

Use your creative talent in order to accomplish your goals. Don't count on your friends to be loyal when it comes to doing things. Acknowledge your lover's needs. Quarrels will erupt if you get into philosophical debates with friends.

Mutt Strut ~ Saturday, September 15th

Come celebrate the end of the dog days of summer! Dogs and their owners are invited to stroll Cape May's Beachfront Promenade on Saturday, September 15 for the 12th annual Mutt Strut. The event is truly an "every dog has its day"- the one time each year other than winter for dogs to enjoy a walk on the Promenade. Owners can strut with their dogs on the Promenade anytime between 8 am and noon, for a requested donation of \$1 per leg (\$2 per person, \$4 per dog). Registration is required to allow dogs on the Promenade and is held near Convention Hall, Beach Avenue near Gurney Street. The rain date is Sunday, September 16.

This annual event is popular with locals and visitors alike. Adding to the enjoyment are dog trick and dog costume contests with prizes (at 10:30 am), auction (drawing at 11:15) and dog information. Capture a selfie with props at the photo spot. So, practice your tricks, dress up your mutt and come strut your stuff!

The event sponsor, Cape May County Dog Obedience Training Club (CMCDOTC), an AKC affiliated club, has held area dog training classes for forty years. Part of the event proceeds help the group's training classes and canine community outreach activities. Walkers also support a worthwhile cause, with part of the proceeds to P.P.A.W.S., volunteers raising puppies to become seeing eye dogs for The Seeing Eye, the oldest and largest guide dog school in the world. Come visit with some of these puppies and learn more about the program.

The Mutt Strut is held as part of the American Kennel Club (AKC) Responsible Dog Ownership Days, with over 600 events held each year. According to AKC "this nationwide initiative educates the public about the importance of being a responsible dog owner and celebrates the deep bond between humans and their canine companions".

Only dogs registered for the Mutt Strut are allowed on the Promenade on the 15th and only between 8 am and noon. Cape May City regulations require dogs to be on a leash not more than six feet long; dogs are not allowed on the beach at this time of year and owners must clean up after their pets. All dogs must have current rabies vaccinations. Females in heat, young puppies, and aggressive dogs will all be more comfortable at home.

For more information on the Mutt Strut or dog training classes call 609-827-5256, email cmcdotc@comcast.net, visit www.cmcdotc.com or see us on facebook.

Come! In costume if you wish, and strut with your mutt, or strut without paws and support a worthwhile cause.

3. **End of Summer Marks Perfect Time for Car Care • Part 2**
HEATER/DEFROSTER The heater and defroster must be in good working condition for passenger comfort and driver visibility.
WINDSHIELD WIPERS Replace old blades. If your climate is harsh, purchase rubber-clad (winter) blades to fight ice build-up. Stock up on windshield washer solvent you'll be surprised how much you use. Carry an ice-scraper.
BATTERY The only accurate way to detect a weak battery is with professional equipment. But DIYers can do maintenance. Scrape corrosion from posts and connections; clean surfaces; re-tighten connections. If battery caps are removable, check fluid level. **CAUTION:** Avoid contact with corrosive deposits and battery acid. Wear eye protection and rubber gloves. Note too that removal of cables can cause damage or loss of data/codes on some newer vehicles so refer to your manual for instructions.
LIGHTS Inspect lights and bulbs; replace burned out bulbs; clean road grime from all lenses with a moistened cloth or towel. To prevent scratching, never use a dry rag.
EXHAUST SYSTEM Your vehicle should be placed on a lift and the exhaust system examined for leaks. The trunk and floorboards should be inspected for small holes. Exhaust fumes can be deadly.
TIRES Worn tires will be of little use in winter weather. Examine tires for remaining tread life, uneven wearing, and cupping; check the sidewalls for cuts and nicks. Check tire pressure once a month. Let the tires "cool down" before checking the pressure. Rotate as recommended. Don't forget to check your spare and jack's condition.
EMERGENCIES Carry gloves, boots, blankets, flares, a small shovel, sand or kitty litter, tire chains, a flashlight and a cell phone. Put a few "high-energy" snacks in your glove box.

IS YOUR CAT CLAWING YOUR DECOR?

Submitted By
 Patsy Nelson

These may include drapes, rugs and furniture. Cats who are kept indoors have few outlets for scratching, which is a natural need. They scratch to mark territory, to sharpen claws for hunting and climbing, and to relieve stress. Years ago (like 20), I did get my cats declawed. Contrary to some "experts", if done when the kittens are quite young, the recovery is rather quick, and I never experienced any negative social or personality traits or behaviors as a result. I had one cat in particular named Monkey who could still climb up two-by-fours, rode on the back of my horse, Sheza, and chased away roaming cats and dogs who dared to come on our property. My advice to customers for many years was, "Why have an inside cat who will scratch if it's going to make both of your lives miserable?" I had a cat name Louise. She was not declawed and she tended to use that ability to terrorize the other cats. I made the decision to have her declawed (and I only ever did the front paws) when she was middle-aged. The recovery for her was more difficult, both physically and emotionally. However, she did heal in all ways, and she lived to be 24 years old! The cats I have now are not declawed. Three out of the four I have had since they were kittens, and they are very comfortable with me keeping their nails trimmed. The fourth one was dropped in our neighborhood and I can cut his nails but it is an ordeal, and he has not shown a need to scratch inappropriately, so I leave him alone. I decided to write about cats scratching after reading an article in one of my business magazines. Feliway, a product used to stop unwanted behavior in cats by replicating the pheromones of the mother cat, has come out with a new product called Feliscratch. Feliscratch comes in liquid tubes similar to Advantage and is applied to the scratcher that you want your cats to use, whether a vertical or a horizontal one. With most cats, one month of use is all it takes to permanently redirect their behavior. There were mixed reviews, but the majority I read were thrilled with the results. I think it is worth trying, so I brought some into the store. Ceva, the manufacturer, has a website (www.savethecouches.com). We, at the Happy Pet Place, thank you for reading and welcome your comments.
