Experience Thrills and Chills During the Annual Special Olympics Polar Bear Plunge in the Wildwoods on January 18, 2025

Special Olympics New Jersey returns to the Wildwoods to kick off 2025 with a chilling plunge into the Atlantic Ocean during the annual Polar Bear Plunge on Saturday, January 18, 2025, at 1 p.m. on the beach behind the Wildwoods Convention Center. Get ready for a beach day in January and dig out your bathing suit and join in the fun! The Polar Bear Plunge in the Wildwoods is a FREE event for spectators to watch, but plungers pay donations at tiered levels. The 'Better Late Than Never Bear' plungers must raise \$120 minimum by January 17, 2025. Registration is available online by visiting www.PlungeWildwood.org. Additional registration for the 'Almost Missed It Bear' plungers will be available on-site the day of the event for a minimum donation of \$125. All plungers are encouraged to dress up in costume, break out the plunge props, make banners and signs, and most importantly, have FUN! Immediately following the plunge, participants, and children under the age of 12 can enjoy a free lunch inside the warm Wildwoods Convention Center. The Polar Bear Plunge Wildwood is so much more than an icy swim in the ocean. Special Olympics New Jersey provides year-round sports training, competitions, leadership opportunities, and health screenings to thousands of athletes. All these programs and services are always completely FREE thanks to fundraising events like the Polar Bear Plunge in the Wildwoods. The Polar Bear Plunge is a family-friendly event benefiting athletes of Special Olympics New Jersey. There are incentives based on the total funds raised, and there will be special recognition for the top three people who raise the most money, as well as the top three highest fundraising teams. Registration will take place from 10 a.m. to 12:45 p.m. inside the Wildwoods Convention Center. The plunge is at 1 p.m. with lunch immediately following. The New Jersey Law Enforcement Torch Run (LETR) is sponsoring the Polar Bear Plunge in the Wildwoods. The Law Enforcement Torch Run is comprised of law enforcement officers who volunteer and are dedicated to raising funds and awareness for Special Olympics New Jersey. Each year the Law Enforcement Torch Run hosts major fundraising events across the state, along with hundreds of local events, and raises more than \$4 million for the athletes of Special Olympics New Jersey. Additional sponsors include the New Jersey Fraternal Order of Police and Wawa. Year after year, the Polar Bear Plunge at the Wildwoods Convention Center continues to grow in popularity and is just one of the many FREE events to attend in the Wildwoods. Beat the winter blues by showing support for a worthy cause and come join in the excitement of the January Polar Bear Plunge. For additional information about Special Olympics New Jersey, visit www.sonj.org. NATIONAL LAW ENFORCEMENT APPRECIATION DAY THURSDAY, JANUARY 9
Across the country on January 9th each year, citizens take the lead to show support on National Law Enforcement Appreciation Day. The jobs are often thankless and take them away from their families for long hours. Rarely do they know what their days have in store for them. On National Law Enforcement Day, we have an opportunity to thank them for their service and offer a token of respect.

How To Win The Fight Against Winter Grime

Here is a list of winter car care suggestions whether you are staying put or driving far from home this winter:

- Wash away all the hazy dust and grime as a first step in winter protection. If the weather outside is frightful, visit an automated wash. When you return home, park your vehicle under an awning or in the garage to remove any remaining residue.

- Run your hand across painted and wheel surfaces. Do you feel a sandpaper-like texture? If so, invest in a clay bar designed for automobiles. Clay bars safely remove hardened contaminants left on your vehicle after summer and autumn—road tar, sap and insect parts. They may be applied to glass, wheels and painted surfaces. Store the clay bar in the glove box when traveling and make sure to read directions for the proper use of a clay bar and re-apply wax after using it.

- Use a waterless car wash and wax spray to keep your vehicle protected against winter weather and grimy roads. These kinds of products work well for quick touch-ups at home or while traveling.

- Look into the latest types of ceramic-based waxes and polishes, which bond chemically with painted surfaces to form a strong and resilient shield.

- Don't forget the interior when traveling this winter. Wipe up coffee spills and sticky substances such as sugary drinks or candy before they permanently damage upholstery. Condition interior surfaces by removing embedded grime during winter driving. Use upholstery cleaners and protection designed for automobile interiors.

- Invest in microfiber towels. They are fast absorbing, gentle on your car's exterior and work great for interior messes as well.

While winter varies by region, the basic requirements for protecting and maintaining your vehicle don't change. The season's weather makes regular cleaning essential, regardless of where you live and where you travel.

COLLOIDAL OATMEAL SHAMPOO CAN BE BENEFICIAL FOR SKIN PROBLEMS

Submitted By
Patsy Nelson
from The Wagging Tail

I wrote an article in 2024 stating that you cannot always believe what you read. I am apparently guilty of believing what "many experts have promoted which is that colloidal oatmeal shampoo on a pet with a yeast infection is not recommended as the sugars in oatmeal can actually feed the yeast and worsen the infection; instead use an antifungal shampoo."

There is still a lingering debate about whether oatmeal could worsen conditions like yeast infections, which has origins in the concept that oatmeal, being a carbohydrate, breaks down into sugars which yeast feed upon. According to an article published in April 2024, by 4-legger, it is very important to understand how yeast infections occur.

"While the yeast *Candida* is found in the dog's mucous membranes, such as the mouth and digestive system, yeast infections on the skin are typically caused by an overgrowth of the fungus *Malassezia pachydermatis*. *Malassezia* is normally present on healthy dog skin. A normally healthy immune system balances the skin microbiome" (the collection of yeast, bacteria, viruses, and fungi) in equilibrium. A pet's immune system is fairly controlled by the gut and affects the amount of yeast on the skin. A pet with too much yeast has secondary issues such as "allergies, compromised immune systems, hormonal imbalances, or another factor" which reduces control of *Malassezia*. This will then lead to observable symptoms like irritation and discomfort, which cause excessive scratching, often breaking the dermis resulting in open sores and infection. It is common to find yeast infections in dogs or cats that have long-term antibiotic treatments, consume food and treats high in carbohydrates, and have a diet containing too much fat, or are fed highly processed pet food made with inferior ingredients. Another factor could be over-vaccination. I have always recommended that pets who are mostly homebodies, once they have gotten their initial puppy shots, only need to be treated with heartworm preventative, and three-year rabies. That's all my pets get unless they need an antibiotic or a short-term steroid treatment. There are exceptions like dogs who are boarded or attend day care.

Oatmeal shampoos are more recently hailed for their soothing properties. "Oatmeal contains compounds like avenanthramides, a group of phenolic alkaloids that have natural anti-inflammatory, antioxidant, anti-itch, and anti-irritant benefits."

Yes, I have sold The Wagging Tail to Beacon Animal Rescue, and I will be helping with the transition and staying on as an assistant and consultant. Ryan from Beacon is the best choice I could have made to keep The Wagging Tail as your favorite quality pet store.

Take special care in driving on these icy roads and buckle up your canine passengers.
