HOROSCOPE

JANUARY 30 - FEBRUARY 5, 2025

ARIES (Mar. 21- April 20)
A burst of energy propels you toward your goals, but patience is key. Someone close may challenge your ideas, offering a chance for growth. Keep an open mind, and success will follow.

TAURUS (Apr. 21- May 21)
This week calls for a balance between work and relaxation. A financial decision may require extra thought—avoid impulsive spending. Prioritize self-care to stay grounded amid life's demands.

GEMINI (May 22-June 21)
Exciting conversations and new connections could open unexpected doors. A creative idea may gain momentum if you trust your instincts. Be mindful of overcommitting, as your energy may fluctuate.

CANCER (June 22-July 22)
You may feel the urge to retreat and recharge—listen to your body's needs. A work or family situation could demand your attention, requiring diplomacy. Trust in your emotional intelligence to navigate challenges smoothly.

LEO (July 23-Aug 22)
Your social life picks up, bringing opportunities for networking and fun. However, don't let distractions pull you away from your goals. A bold decision could lead to exciting long-term rewards.

VIRGO (Aug. 23 -Sept. 23)
Career matters take center stage, and your hard work is finally noticed. A mentor or colleague may offer valuable advice—be receptive. Keep an eye on your well-being to maintain productivity.

LIBRA (Sept. 24-Oct. 23)
A sense of adventure stirs within you, making this a great time for travel or learning. A philosophical shift could change how you approach a personal goal. Stay open to new perspectives, as they may inspire unexpected solutions.

SCORPIO (Oct. 24 -Nov. 22)
Deep emotions surface, pushing you to confront something you've been avoiding. A financial or intimate relationship may require honest communication. Trust in transformation—letting go will make space for something better.

SAGITTARIUS (Nov. 23 -Dec. 21)
Relationships take center stage, with chances to strengthen bonds or meet someone new. A conversation could spark a fresh perspective on an old issue. Stay present in your interactions, as important insights may arise.

CAPRICORN (Dec 22.- Jan. 20)
This is a productive week, but don't push yourself to exhaustion. Small adjustments to your routine could enhance efficiency and well-being. Take pride in your progress, even if it feels slow.

AQUARIUS (Jan. 21 -Feb. 19)
Your creativity and charisma shine, making this a great time to showcase your talents. Romantic or social opportunities bring excitement. Embrace spontaneity, but don't neglect practical responsibilities.

PISCES (Feb. 20-Mar. 20)
Home and family matters take priority, offering a chance for emotional healing. A nostalgic moment may inspire you to reconnect with someone from the past. Trust your intuition when making personal decisions.

Welcome February!

February comes from the Latin word februa, which means "to cleanse." It was named after Februalia, the Roman festival of purification, which was a month-long festival of purification and atonement that took place this time of year. While February is the second month in our Gregorian calendar today, it was originally the very last month added to the Roman calendar (c. 713 BC)! Originally, the calendar was 10 months because winter was considered a dormant, month-less period. January and February were added by the Roman king Numa Pompilius to better align the calendar with the lunar year. Eventually (c. 450 BC), February was moved to its place as the second month.

February Calendar

- February 2 is Groundhog Day—the day we find out whether winter will last 6 more weeks or call it quits early.
- February 9 is the Super Bowl in 2025.
- February 12 is Abraham Lincoln's Birthday. The 16th president of the United States was born in a one-room, 16x18-foot log cabin with a dirt floor.
- February 14 is always Valentine's Day. Heads up, lovebirds! Today, the holiday is celebrated with love, flowers, and chocolate.
- February 15 is Susan B. Anthony's Birthday. How much do you know about this women's rights leader?
- February 17 brings Presidents' Day, a federal holiday also known as Washington's Birthday that is celebrated on the third Monday in February. (George Washington's actual birthday is February 22!)
- February 28 is Ramadan, the ninth month of the Islamic calendar.

February is **African-American History Month**. The Library of Congress, National Archives and Records Administration, National Endowment for the Humanities, National Gallery of Art, National Park Service, Smithsonian Institution, and United States Holocaust Memorial Museum join in paying tribute to the generations of African Americans who struggled with adversity to achieve full citizenship in American society.

The Full Snow Moon - February's full Moon reaches peak illumination on Wednesday, February 12, 2025. Look skyward on that night to catch the best view of this full Moon! It's known as the Snow Moon due to the typically heavy snowfall that occurs in February. Other traditional Native American names for this Moon include the Eagle Moon (Cree), Raccoon Moon (Dakota), and Hungry Moon (Cherokee).

Zodiac Signs for February - Aquarius (January 20–February 19) and Pisces (February 20–March 20)

February's Birth Flower - Even though so many roses are sold during February due to Valentine's Day, the violet and the primrose are the symbolic flowers. The violet signifies watchfulness, loyalty, and faithfulness. Give a violet to someone to let them know that you'll always be there for them. The primrose lets someone know that you can't live without them.

February's Birthstone - Like the violet, February's birthstone is a purple color. It's the beautiful amethyst. This gem is a form of quartz; it can range from a pale lilac color to a deep, rich purple. The name is based on a Greek myth that speaks of a nymph named Amethyst who was inadvertently turned into white stone; in remorse, the Greek god Bacchus poured wine over her to turn her a beautiful purple. The amethyst was thought to prevent intoxication and keep its wearer thinking sharply. It was worn by English royalty in the Middle Ages.

Folklore for the Season -

- Married in February's sleety weather, life you'll tread in tune together.
- If February give much snow, a fine summer it doth foreshow.
- Fogs in February mean frosts in May.
- If Candlemas Day (February 2) be mild and gay, go saddle your horses, and buy them hay. But if Candlemas Day be stormy and black, it carries the winter away on its back.

How To Travel With Furry Winter Companions

Before you hit the road with your pooch, ensure you are well-prepared with these helpful tips for traveling with your dog in winter.

- 1. BRING PROPER WARM WINTER GEAR:** Just as you would pack a blanket and warm jacket for yourself during winter travels, do the same for your dog.
- 2. PET SHOES:** Not just as a cute accessory for your dog, pet shoes are important if you live or are traveling to an area with frequent snow & ice during winter. Shoes can help protect their paws against frostbite, & the salt or chemicals used for de-icing roads & sidewalks. If your dog refuses to wear dog booties, the SPCA suggests massaging petroleum jelly into their paw pads before going outside. This will help protect them against frostbite & chemical agents on the ground.
- 3. PACK PLENTY OF FOOD & WATER:** In addition to winter weather gear, be sure to pack plenty of water & food. Bring an extra gallon of water, along with non-perishable food items.
- 4. PLAN PLENTY OF PIT STOPS:** Depending on how long your drive is, plan scheduled bathroom breaks every couple hours. Plan ahead & map out dog-friendly parks & rest-stops.
- 5. AVOID LETTING THEM OFF THE LEASH:** While it's generally a good rule of thumb to keep your dog on its leash, it is particularly important in winter where there is a lot of snow. It is much easier for a dog to lose their scent during a snowstorm, so it's best to always keep a close watch during playtime & pitstops. Plus, if their paws aren't protected, it is not a good idea to let them run wild.
- 6. SCHEDULE MAINTENANCE FOR YOUR CAR:** This sounds like a no-brainer, but before heading out on your roadtrip, be sure to schedule a maintenance check up on your car. The last thing you want is to be stranded with your dog in tow on the side of the road.

Be sure to check your battery, tires, brakes, & anything else that could be a problem.

SPONDYLOSIS IN DOGS

Submitted By
Patsy Nelson
from The Wagging Tail

After a phone call last night from a woman who had a concern about her aged dog's fused spine, and his bowel incontinence, I wrote the article below. "He is such a happy dog despite everything, but I am so frustrated that I am picking up poop all the time, even during the night." Rhonda said. I decided to investigate further to see what was going on with her dog as she is from Berlin, N.J. (She had heard Ryan talking as a guest on a radio show that broadcasts on Sundays between 12 and 2 with Dr. Lorry Patten Young.)

The only similarity I could find online that came close to her dog's issue was a spinal disease called Spondylosis, which is a degenerative disease wherein the vertebrae fuse together. It generally affects older dogs, but other causes can be traumatic injury or, as in boxers, genetics. Spondylosis can result in various signs of pain including the back, neck, difficulty laying down and standing up, like in advanced joint pain, a hunching over, resistance to walking. All of these can also be accompanied by vocal cries. You may notice a significant decline in your dog's range of motion and increased stiffness. Your dog may even begin limping and dragging the hind legs. Additional signs may be a numbness or weakness in the limbs and a lack of coordination. Two other symptoms tend to be a change in the dog's behavior where the dog may become reactive to being handled or touched, and as in Rhonda's dog, incontinence, which can be of the bladder or colon.

Rhonda told me how she has dealt with her veterinarian hospital and what foods they suggested she feed her dog. You know how I feel about such diets as Royal Canin, Hills, and anything Purina. Then she mentioned that someone recommended Honest Kitchen with grain. That's really a good company I told her and a great choice. "Well, I am just starting it, so we'll see how it goes." I called her while writing this and she said his poop was already bigger and firmer. Great news. We will keep up a dialogue.

Treatments for Spondylosis includes non-steroidal anti-inflammation drugs (NSAIDs) and/or tramadol, gabapentin, muscle relaxers for pain, increased monitored exercise, supervised rest, hot or cold compresses, massage (if the dog allows,) acupuncture, hydrotherapy (swimming or walking in water,) weight loss if necessary, and definitely joint support supplements such as, Ultra Joint, Grizzly, Pet Releaf Chews, Dasaquin, or Nzymes.

I am happy to be back at the store after nearly two weeks of holiday with Bob. I was glad to miss more snow and cold. It is going to get quite cold again so keep those dogs covered especially from the cold wind. Now Ryan is on his honeymoon so you will see more of me. Normally I will be working at least 20 hours a week, and probably Sunday will be one of my days.
