# HOROSCOPE

MARCH 13 - MARCH 19, 2025

## ARIES (Mar. 21 - April 20)

This week, you may feel a strong push to take control of a situation that has been lingering. A surprising piece of news could shift your perspective on a relationship or career decision. Stay assertive, but avoid unnecessary conflicts—patience will serve you well.

## TAURUS (Apr. 21 - May 21)

A financial or work-related matter may require extra attention, but a steady approach will lead to success. You might feel torn between responsibility and the need for relaxation—find a way to balance both. A conversation with a close friend could bring valuable insight.

## GEMINI (May 22 - June 21)

Your natural curiosity leads you toward an exciting new opportunity. A creative project or new connection could open unexpected doors—stay open-minded. Be mindful of overextending yourself, as you may need to slow down to recharge.

## CANCER (June 22 - July 22)

Emotional clarity is within reach as you work through past feelings or lingering doubts. A professional breakthrough is possible if you stay disciplined and proactive. Trust your intuition when navigating family or personal matters.

## LEO (July 23 - Aug 22)

A bold move could pay off in a big way, especially in your career or personal life. A spontaneous trip or new experience may bring unexpected joy. Be mindful of your energy levels—sometimes rest is the most productive thing you can do.

## VIRGO (Aug. 23 - Sept. 23)

A financial or emotional investment may require careful consideration. You may feel a strong urge to declutter your life, both physically and mentally. Trust in your ability to make thoughtful, strategic decisions rather than rushing ahead.

## LIBRA (Sept. 24 - Oct. 23)

Relationships take center stage, with potential for exciting new connections or deepening existing bonds. A long-overdue conversation could provide clarity and peace of mind. Be honest about your needs, and don't be afraid to set boundaries.

## SCORPIO (Oct. 24 - Nov. 22)

Productivity is high, making this a great time to tackle tasks you've been putting off. A change in your daily routine could lead to better mental or physical health. Stay focused on long-term goals rather than getting caught up in minor setbacks.

## SAGITTARIUS (Nov. 23 - Dec. 21)

Your adventurous side craves something fresh and exciting—follow that instinct. Romance or creative expression may bring joy and inspiration. Just be mindful of commitments and don't neglect important responsibilities.

## CAPRICORN (Dec 22 - Jan. 20)

Home and family matters could require attention, but positive changes are on the horizon. A past issue may resurface, giving you a chance to finally resolve it. Focus on creating stability and emotional security in your personal life.

## AQUARIUS (Jan. 21 - Feb. 19)

New ideas flow effortlessly this week, making it a great time for brainstorming or creative work. A conversation with someone unexpected could offer a fresh perspective. Stay flexible, as plans may shift in surprising ways.

## PISCES (Feb. 20 - Mar. 20)

Financial planning or a work-related opportunity may take center stage. Your intuition is strong, helping you make smart decisions about money or personal matters. Don't be afraid to speak up and advocate for what you truly want.

## 13 TIPS TO IMPROVE VEHICLE PERFORMANCE

1. Wheel alignment. Proper alignment helps prevent uneven tire wear and improves steering.
2. Tire wear and tear. Is there adequate tread depth? Check for scrapes, cuts and bulges that can cause tire blowouts.
3. Tire inflation. Underinflated tires can cause blowouts and accelerate tread wear.
4. Wiper blades. Replace blades worn out by winter driving so you have improved visibility for spring travel.
5. Leaks and drips beneath your vehicle. Fluid lines damaged by severe weather can drain critical fluids slowly and, over time, damage key safety systems such as power steering and brakes.
6. Swap winter tires for all-season treads. Summer weather shortens tread life of the softer rubber used in winter tires.
7. Inspect tires for bulges, odd wear patterns and balding tires.
8. Brake system. Listen for odd noises coming from the wheel well or vibrations in the steering wheel. Is the brake pedal "squishy"? Does the brake pedal drop to the floor? Call your service advisor immediately.
9. Pothole damage to your vehicle. In severe cases, hitting a large pothole can cause damage to things like motor mounts, suspension system components, steering gear, wheels and tires.
10. Battery strength. Do your windows roll up slowly and your vehicle lights appear dim? Does your vehicle have difficulty turning over in the morning? Cold weather temperatures zaps battery power without warning.
11. Cabin air filter. Reduce pollen from spring blooms from entering your passenger cabin through the climate control system. Replace your vehicle's cabin air filter to help filter out allergens.
12. Windshield chips and cracks. A small crack can grow and turn into an expensive window replacement.
13. Spare tire. Don't let a damaged spare tire sideline your family when you are traveling this spring. Check inflation pressure, tread depth, cuts and bulges.

## OH NO, NOT AGAIN!

Submitted By  
Patsy Nelson  
from The Wagging Tail

Poor Ebby. She & Zoey have been doing extra sniffing around our first deck (the largest of 3 increasingly higher decks) that has an opening-the width of the deck-on the far side. I had hoped it was an opossum. I take them out before bed anytime between 9:30 & 11 & have not seen anything, nor have the dogs acted excited. As I mentioned in a previous article, we have a big backyard that is solid white fencing. I noticed a few days ago that an animal could slither underneath the sideyard gate, & I told Bob about it last night. Around 6 this morning, Wed the 12th, Ebby roused me from a deep dream asking-but not imploring-me to let her outside. Since I was not fully awake & she did not act crazy, & because it was still somewhat dark, I let her out without me. Normally we walk her on a lead since she reinjured her patella after being operated on last December from jumping at the side fence that our new neighbors attached their fence to. Ebby tries to get at their 3 exuberant dogs.

No sooner did I open the powder room door than the smell of skunk assaulted my nostrils. Oh no, not again-like last year when she got skunked in the face & neck. I opened the door, tried to grab her collar & felt her foaming from the mouth. She ran into my carpeted bedroom & began earnestly rubbing her nose over the carpet. I grabbed her collar & took her into my bathroom closing the door with my foot. I picked her up, put her in the tub & tied a cotton lead to the grab bar. I ran into the laundry room looking for my skunk removal stuff (Scout Skunk Off, Dawn Dish Washing Soap, & Hydrogen Peroxide). I also grabbed Dr Richard's Moisturizing Shampoo, which I adore. I should have used the Scout first because when things calmed down, I read that it should be used before the dog is wet. I was just so frantic to help her as the skunk clearly sprayed her in the mouth this time as opposed to last year when she got it in her eyes too. I don't think I could repeat what I did, but she does not smell. Unfortunately, our house does, I do, & my car reeks.

At the bank this morning, the Manager told me that I should get plain white Vinegar & boil it on the stove so that the steam permeates the air, & it will get rid of the smell in the house. I also went online "What is the best way to rid a yard of a skunk" & what is best to deter them. My cats are sometimes out in the yard before bedtime & they also have a feeding station on our upper deck that has a doggy door & it is possible that the skunk uses it, especially after we have all been locked inside for the night. Cats are not normally aggressive towards wild animals like skunks & opossums, so they are not a threat like a dog is. I will remove the food from now on during the night. Amazon, Tractor Supply, Lowe's, & Home Depot sell outdoor Solar Repellers which claim that they will scare a skunk away within 48-72 hours, covers 2,425 SF for around \$49, & Skunk Scram Granular Repellent, & Predator Pee that can deter them. Ebby is doing much better.

Thanks for helping to keep a small business in business and for choosing us as the best pet store 2022/2023/2024. Voting is now open for 2025. We have adorable mature kittens up for adoption or just petting. They want so much to have a real home again. Beacon Animal Rescue, as new owners of The Wagging Tail, have applications online.
